

SAORI-PICCOLO

Weave, wherever you are!

SAORI - Piccolo is an epoch-making hand weaving loom having both comfortability and portability, which satisfies weavers in all ages. Its light-weight metal tubing body has two height settings, and at the same time, it easily folds for transport. Take this loom with you wherever you go, and enjoy weaving whenever you like!

Features:

- ◆ Light-weight but strong body with beautifully chrome-plated metal tubing frame
- ◆ Folds easily for transport and storage
- ◆ The position of the breast beam is height adjustable: 60cm and 68cm
- ◆ Built-in bobbin winder & shelf (Optional)
- ◆ The warp control lever lets you advance the warp while remaining seated
- ◆ Wire heddles have larger holes to make threading easier
- ◆ A ready-made warp is already set up on the loom so that you can start weaving after 15 minutes assembly

Loom Dimensions:

- ◆ Width: 55cm (21.6")
- ◆ Depth: 56cm (22") / 74cm (29") when heightend 15cm (5.9") when folded
- ◆ Height: 81.5cm (32") / 91.5cm (36") when heightend
- ◆ Weight: 6.95kg (15.32 lb.)
- ◆ Weaving Width: 40cm (15.8")

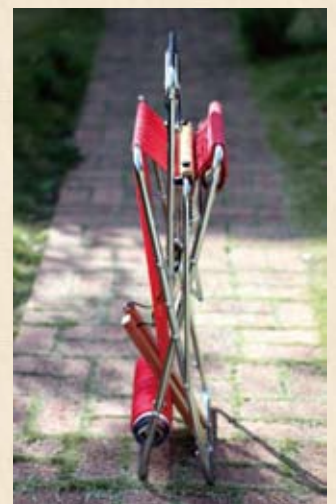

Included Accessories:

1 reed (5 dents/cm = 12 dents/inch); 2 harnesses (incl. 200 wire heddles); 1 warp control lever (built-in); 1 tying rod with cords; 100 ready-made warp threads (100 threads x 6m/6.5yds)

Optional built-in Items: bobbin winder; shelf; clamp
Optional items: Shuttle; bobbin; reed hook; heddle hook; reed (3/4/7 dents/cm 7/10/17 dents/inch)

The position of the breast beam is 68cm away from the floor when the loom is heightend. This is only 1 cm lower than the SAORI SX60 loom. This height is comfortable enough for adult weavers as well.
